

VERIFICATION OF CHRONIC ILLNESS FORM
Anne Nymark Young Adult Continuing Education Grant
Submission Deadline is August 7, 2023

*Verification from medical provider is needed for patient to apply for the grant and **MUST** be completed and signed by **medical provider**.*

The purpose of the grant program is to encourage young adults (up to 35 years old), who grew up with pediatric chronic illnesses, to further their education.

Grants are awarded to young adult students who are United State residents and:

1. have an ongoing chronic illness/disease with initial diagnosis under 18 years old (*Verification of Chronic Illness form must be completed by doctor for eligibility.*
As a requirement for this grant, "Chronic illness/diseases are defined as medical conditions that require ongoing medical attention or limit activities of daily living or both AND diagnosis occurred in childhood and has continued into adulthood".)
2. are committed to, enrolled in or accepted for admission to full-time or part-time academic program, community college, university, career industry program, technical education, trade school, certification program, training academy, or technician program.
3. have completed grant application and forms.
